

Problematic Use Of Energy Drinks?

Seeking research interviews with Children or Adolescents and their parents

Researchers at Johns Hopkins are seeking children and adolescents age 8-21 who have gotten sick or had unpleasant effects after consuming energy drinks (e.g., Red Bull, Monster, Rockstar, Full Throttle).

Study participation will involve a telephone interview with both child and a parent of the child.

Please call or e-mail Jenna at
410-550-2687 or energydrinks@bpru.org.
